

Remote Sensing & Photogrammetry Society

One-Day Conference on:

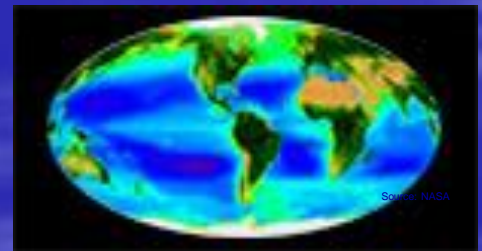

Remote Sensing and the Carbon Cycle

5 May 2010

at the Geological Society, Burlington House, Piccadilly, London

A conference covering the remote sensing, measuring, mapping and monitoring of Carbon in terrestrial, marine and atmospheric settings. This conference will bring together research covering a broad range of topics relating to the Carbon Cycle.

Registration deadline 14th April 2010

This event is being held in association with the RSPSoc Annual Lecture and Conversazione (evening of 5 May)

- Invited Speaker: Prof. Philippe Ciais, LSCE, France

Registration Rates: RSPSoc/CSMS/GRSG members £40 (£20 concessionary)
Non-members £60 (£40 concessionary)
Discounted joint registrations available for the conference and associated conversazione – see website for details.

For a final programme and registration form visit:

www.rspso.org/events/info/remote-sensing-and-the-carbon-cycle/

Conference supported by the following RSPSoc Special Interest Groups (SIGs): Geological Remote Sensing Group, Land Cover/Land Use, Lidar SIG, Modelling & Advanced Techniques, Ocean Colour & Vegetation SIG

RSPSoc Annual Lecture and Conversazione

Wednesday 5 May 2010

Geological Society, Burlington House, London

RSPSoc Annual Lecture

Remote Sensing and the Carbon Cycle

Professor Philippe Ciais

Laboratoire des Sciences du Climat et de l'Environnement, France

17:15 onwards - Tour of Burlington House & Wine Reception

18:00 Lecture

Free Entry

RSPSoc Conversazione

Reception and Buffet Dinner

19:00 start. For registration forms visit www.rpsoc.org/events/info/annual-lecture-and-conversazione-2010

Registration Rates: RSPSoc/CSMS/GRSG members £30, non members £45.
Discounted joint conference/conversazione rates available – see website.

To register for the **Conversazione and/or associated conference**: email/post/fax registration forms to the RSPSoc Office.
